# We know how children play and develops

Since the 1970's, RODECO has manufactured playgrounds, adventure pools, sculptures and innovative toys for pools in Åtvidaberg, Sweden. We are, and always have been, a family company with focus on creating safe and fun play for children.

## We love Angry Birds!

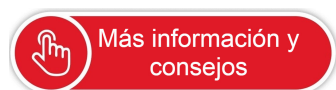

Our playgrounds with the beloved world of Angry Birds invites the children to not only play but to explore this joyful world. Combining physical play with the possibility to interact with the world and the characters will stimulate the children's imagination.

## Safety, quality and design are our keywords

Safety always comes first. RODECO strictly follows all standards and rules to promise this. Every playground undergo controls and tests to ensure the quality, sustainability and the safety of the children, as well as following environmental requirements and standards.

With over 40 years of experience in the business, we know how to create safe play. Our products are designed and manufactured with great care in our own production in Åtvidaberg, Sweden.

# POPUP PLAY

The concept of POPUP PLAY is developed by RODECO to meet our clients' needs of activity for the children. Thanks to its design and mobility a POPUP can be adapted in different locations such as shopping centers, airports or a restaurant.

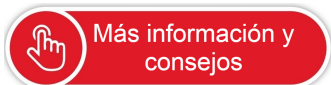

A flexible and compact solution for unused surfacesThe POPUP PLAY is easy to assemble, easy to place and easy to relocate if the surface is needed for something else – hence its name.

A POPUP PLAY has many benefits!

- A long life and sustainable solution for unused spaces
- Easy to relocate
- Plenty of exciting and safe play activities
- Adjustable to small places
- Easy to maintain and clean
- No loose parts on the playgrounds
- No fixed installation required
- Doesn't harm the surface
- Play values for kids in many ages

The playground is delivered in parts – easy to assemble!
